 STD-DM1 - XX Diameter - .51" Barrel Length - .63" Cap Height - .16" Holds mat'l thickness from 0 - 0.28"	 STD-DM2 - XX Diameter - .63" Barrel Length - .75" Cap Height - .16" Holds mat'l thickness from 0 - 0.47"	 STD-DM3 - XX Diameter - .75" Barrel Length - .98" Cap Height - .16" Holds mat'l thickness from 0 - 0.50"	

Specify colour code - Replace 'XX' with colour required

edge gripper mounts

Economical and easy-to-install mounting system featuring a decorative face cap that rotates 360° for any desired orientation. Eliminates the need to drill through expensive substrates.

Features:

- › Material: solid aluminum
- › Decorative light weight aluminum design
- › Holds panels up to 7/16" thick
- › Single set screw to create a tamper resistant secure mounting
- › These grippers mount flush to the wall and are low profile at only 1"
- › Applications: indoor

Packaging:

Sold in sets of 4.
Comes with torque-lock hex wrench.
Drywall anchors.
Assembly kit included.
